Statement setting out material facts pursuant to Section 102 of the Companies Act, 2013

Item No. 1

The Board of Directors of the Company has proposed to increase the Authorised Share Capital of the Company from Rs. 271 crore divided into 271,00,00,000 equity shares of Re.1/- each to Rs. 500 crore divided into 500,00,00,000 equity shares of Re. 1 each.

Alteration to the Capital Clause of Memorandum of Association of the Company is proposed in consequence of the above increase in the Authorised Share Capital of the Company.

As per Section 61 of the Companies Act, 2013, any increase in Authorised Share Capital and consequent amendment to the Memorandum of Association of the Company requires consent and approval of the Members of the Company.

The Board recommends the passing of the Ordinary Resolution at Item No.1 of the accompanying Notice for approval by the Members of the Company.

Accordingly, consent of the Members is being sought pursuant to the provisions of Section 61 and other applicable provisions, if any, of the Companies Act, 2013, for increasing the Authorised Share Capital of the Company and for carrying out consequent amendment to the Memorandum of Association of the Company which will enable the Company to issue further equity shares from time to time.

Save as aforesaid, None of the Directors and Key Managerial Personnel of the Company their respective relatives are in any way concerned or interested, financially or otherwise, in the said resolution.

A copy of the Memorandum of Association of the Company along with the proposed alteration in the Capital Clause is available for inspection at the Registered Office of the Company during the office hours on any working days, except Saturdays between 11.00 A.M. and 1.00 P.M. up to Saturday, December 02, 2017.

Item Nos. 2 & 3

The Company had availed financial assistance from various banks and financial institutions (“JLF Lenders” or “Lenders”) for its operations. Subsequently, in the year 2014, on account of financial stress, the Company had approached the Lenders in terms of the Framework for Revitalising Distressed Assets in the Economy – Guidelines on Joint Lenders’ Forum (JLF) and Corrective Action Plan (“RDA”) and the guidelines issued thereunder by the Reserve Bank of India. Subsequently, a Corrective Action Plan (“CAP”) was formulated for the Company in terms of the RDA, and the debt obligations of the Company were restructured on the terms and conditions set out in the Master Restructuring Agreement dated December 30, 2014 executed amongst the members of the JLF and the Company. In terms of the CAP, an aggregate of 49,41,60,031 equity shares were allotted to the JLF Lenders upon conversion of 70% of the funded interest i.e. interest on restructured loan for initial two years amounting to Rs. 1075.79 crore at a price of Rs. 21.77 per share. The remaining 30% of the funded interest amounting to Rs. 461.05 crore was converted into long term loan (FITL). Since then, the sugar industry in India has shown the signs of recovery. The operational results of the Company have also improved during FY 2014-15 and FY 2016-17 with YoY increase in revenue, EBITDA, PBT and PAT during this period.

However, due to high level of leverage, the Company continues to face liquidity crunch and is experiencing difficulties in servicing of interest and the principal dues as per the current repayment schedule from the existing cash flows from operations. The JLF Lenders therefore discussed the possibility of implementation of Scheme for Structuring of Stressed assets (S4A Scheme) in respect of the residual debt with the Company. It was agreed at the JLF meeting held on June 23, 2017 ("Reference date") to implement the S4A Scheme as a 'Resolution Plan' for carrying out deep financial restructuring for sustained revival of the Company, which was in-principally adopted by the JLF on August 14, 2017 on the terms contained in the Information Memorandum prepared for the implementation of the S4A Scheme with respect to the Company ("BHSL S4A Scheme"). The important terms of BHSL S4A Scheme are as follows:

- a) Reference date: June 23, 2017
- b) The total funded debt as on the Reference Date amounting to Rs. 8,099 crore comprising of term loans, working capital loans, outstanding interest on certain term loans together with Interest for 6 months on unsustainable debts amounting to Rs. 201 crore aggregating to Rs. 8,300 crore to be bifurcated into sustainable debt of Rs. 4,528 Crore (termed as Part-A Debt) and unsustainable debt of Rs. 3,772 crore (termed as Part-B Debt)
- c) Conversion of Part-B Debt into optionally convertible debenture of the Company (the "OCDs" or "Securities")
- d) The Promoters' Group shareholding will be reduced from 26.02% to 14.62%

The conversion price for conversion of OCDs into equity shares of the Company, as and when the option is exercised by the Lenders in accordance with the BHSL S4A Scheme shall be determined: (i) in accordance with the guidelines specified/ to be specified by Reserve Bank of India from time to time in this regard, and (ii) in absence of any such specific guidelines, the same shall be determined as per the pricing guidelines for issuance of equity shares under the RBI circular dated June 08, 2015 on Strategic Debt Restructuring Scheme, as amended and supplemented from time to time, in which event the "reference date" shall be deemed to mean the date on which the debenture holders issue notice of default on the Company.

In terms of the BHSL S4A Scheme, it is proposed to convert the Part B Debt into Securities and accordingly consider the offer and issue of the Securities upto an aggregate amount of Rs. 3,772 crore on preferential basis as per applicable laws and extant regulations in the manner set out in the Resolution at Item No. 2 and 3, to be allotted to the individual JLF Lenders, based on the respective JLF lenders' subscription for the Securities of the Company.

The Company has a competent operating team and has demonstrated capabilities in efficient operations of its sugar mills, distilleries and power co-generation facilities. It has over nine decades of experience and notable track record of operating in all the business segments of sugar industry. The proposed structuring of debt under S4A Scheme would be beneficial to the Company and all the stakeholders as debt serviceability of the Company may be aligned to generation of funds by the Company. It is expected that upon implementation of the S4A Scheme the debt burden on the Company will be reduced with conversion of Part B Debt into OCDs. Hence, the overall financials of the Company will improve; resulting in improving the debt serviceability of the Company and it becoming self-sustainable. With reduction in overall debt with conversion of unsustainable debt to equity, the Company will be able to sustain the downward cycle of sugar business if any, in future.

As per Section 62 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder, issue of the debentures by the company with an option to convert the debentures into equity shares of the Company, to the lenders upon conversion of a portion of their respective outstanding loans shall require prior approval vide special resolution from the shareholders of the Company.

Further, as per Sections 42, 62 and 71 of the Act, the issue of debentures with option to convert such debentures into shares, wholly or partly, shall require approval of shareholders of the Company by a special resolution passed at a general meeting.

The special resolution, if passed, will have the effect of allowing the Board/Committee to issue and allot Securities to the above mentioned proposed allottees / Lenders, on a preferential basis, who may or may not be the existing members of the Company.

Since the proposed Special Resolutions at Item No. 2 and 3 would result in issue of Securities of the Company to proposed allottees/ JLF lenders on a preferential basis, in the manner laid down under Section 62 of the Companies Act, 2013, the consent of the shareholders is being sought pursuant to the provisions of Sections 42, 62, 71 and all other applicable provisions of the Act, SEBI ICDR Regulations, the Listing Agreement and the SEBI LODR Regulations.

Accordingly, the Board recommends the resolution as set out in Item Nos. 2 and 3, to enable the JLF Lenders, in terms of the lending arrangements, entered, and as may be specified under the financing documents already executed or to be executed in respect of the financial assistance availed/to be availed, at their option, to convert the whole or part of their respective outstanding financial assistances into OCDs of the Company, and to permit the Company to issue the said Securities in the manner and upon such terms and conditions as may be deemed appropriate by the Board and at a price as determined in accordance with the extant RBI Guidelines and SEBI Regulations and the Companies Act, 2013.

SEBI vide notification No. SEBI/LAD-NRO/GN/2017-18/016 dated August 14, 2017 issued amendments to Section 70(5) of the SEBI ICDR Regulations w.r.t. pricing for conversion of debt into specified securities (in this case the OCDs) under debt restructuring scheme implemented in accordance with the guidelines specified by Reserve Bank of India. e) **Track record in turning around companies, if any;**

The promoter group/management does not have any track record of turning around.

f) **The proposed roadmap for effecting turnaround of the issuer:**

In spite of having comparable EBITDA with those of its peers, the cash flows of the company are under stress as the finance cost of the company is on the higher side compared to those of peers as the company is highly leveraged. To turnaround the operations, the Company has requested the Lenders to consider implementation of S4A Scheme of RBI for deep restructuring of debts of the Company, which will reduce the interest cost of the company, as the unsustainable debt would be converted to OCDs as per the S4A Scheme and will also reduce the loan installment amount substantially. The repayment of unsustainable debt will after full repayment of sustainable debts and thereby company will come out of the current stress.
