- 3 Given the seasonal nature of industry, the results of any quarter may not be a true and/or proportionate reflection of the annual performance of the Company.
- The Optionally Convertible Debentures (OCDs) aggregating to Rs. 3483.25 Crore issued by Company to the Joint Lender's Forum (JLF) of the Company in accordance with the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) towards conversion of a part of the unsustainable debt, provides the holder an option to exercise the right to convert the outstanding OCDs into the equity shares of the Company at a price in accordance with applicable law (including the ICDR Regulations). The OCDs carry a concessional coupon rate (1.00% p.a for the current financial year) and the difference between going weighted average interest cost and said coupon rate (YTM) is payable along with redemption of OCDs in 13 equal instalments commencing from financial year 2024-25. Since premium to be paid is contingent on the occurrence of the event of redemption of OCDs, the YTM of Rs. 721.76 Crore from the date of allotment of OCDs till September 30, 2019 (Including Rs. 103.06 crore and Rs. 104.19 Crore for the quarter ended June 30, 2019 and September 30, 2019 respectively) is treated as contingent liability and would be accounted for as finance cost at the time of redemption of respective OCDs. Auditors have drawn qualification for non-provision of YTM premium up to 30.09.2019
- The Company has non-current investments (Long Term Investments) aggregating to Rs. 97.34 Crore in subsidiaries and current investment in a group Company of Rs. 770.13 Crore, loans and advances along with accrued interest of Rs. 1634.69 Crore and trade receivables of Rs. 16.25 Crores and Loans and advances along with accrued interest of Rs. 511.86 Crore from other Company, all aggregating Rs. 3030.27 Crore. Some of these subsidiaries and other Companies have accumulated losses and/or negative net worth and/or current liabilities exceeding their respective current assets, as at the respective balance sheet dates. Management has evaluated this matter and is of the firm view that sufficient efforts are being undertaken to revive the said subsidiaries and other companies in the foreseeable future so as to recover carrying value of the investment and the diminution, if any, even if it exists is only temporary. Further, management believes that the loans and advances given to these subsidiaries and other companies are considered good and recoverable based on the future projections, and ongoing efforts towards obligation casted on the Company and its promoters to recover the outstanding loans in phased manner in terms of the agreements executed to give effect to the debt restructuring schemes from time to time and accordingly no provision other than those already accounted for, has been considered necessary. Auditors have drawn matter of emphasis in their limited review report.
- The Company had discontinued the policy of deferment of certain off season expenses to align with the requirement of IND AS 34 "interim financial reporting" since quarter ended December 31, 2018; all the deferred expenses had been charged off in quarter ended December 31, 2018. The corresponding quarter ended on September 30, 2018 and six month ended September 30, 2018 included "deferred off season expenses" Rs. (63.39) Crore and Rs. (98.10) Crore respectively.
- The Company has adopted IND AS 116 with modified retrospective approach, with effect from April 1, 2019. Accordingly the comparative periods have not been restated. There is no impact of IND AS 116 adoption to the retained earnings as at April 1, 2019. The Company has recognized Rs. 11.54 Crore as right of use assets and the corresponding lease liability on the date of transition i.e. April 1, 2019. Further, and amount of Rs. 0.56 Crore has been reclassified from non-current assets to right of use assets against security given for lease in previous period to depreciate for the right of use assets and finance cost for interest accrued on lease liability. There is no material impact on profit/ (loss) after tax and earning per share for the quarter and six month ended September 30, 2019, on adoption of IND AS 116.
- 8 On the basis of principle of conservatism and prudence, company has not recognised interest income on inter corporate debts Rs. 73.00 Crore for the six month ended September 30, 2019 (Including Rs.36.30 Crore for the guarter ended June 30, 2019).
- 9 UPPCL has reduced the power tariff retrospectively w.e.f 01.04.2019 in the range of 35% to 40%. The Company has given effect of reduction in power export by Rs. 6.65 Crore as well as inter segment transfer of power amounting to Rs. 15.26 Crore in the quarter ended September 30, 2019 due to this revenue of power segment for Quarter ended September 30, 2019 showing negative.
- For the six month ended 30.09.2019 and previous years, The Company has incurred losses resulting into reduction of net worth to that extent. The losses were mainly attributable to high raw material cost i.e. sugarcane prices (as fixed by the Government) and relatively lower prices of finished goods i.e. sugar and molasses (determined by market forces based on the demand –supply situation), both of which are external factors. The Company continue to operate at optimum levels and expects improvement in the operational efficiency in form of improvement in yield, sugar recovery, reduction of overheads, finance and other costs, sale of certain non-core assets etc. The debt restructuring as per RBI's S4A Scheme, will result into improved liquidity during next 7 years. The Company also expects to receive benefits under the Sugar Promotion Policy 2004. In view of the above, the management expects to generate positive cash flow from operations and accordingly, the financial statements are continued to be presented on going concern basis, which contemplates realisation of assets and settlement of liabilities in the normal course of business. This matter has been referred by auditors in their limited review report.
- 11 The above results have been reviewed by the audit committee and approved by the Board of Directors at their respective meetings held on November 13, 2019.
- 12 Previous periods figures have been regrouped/ rearranged/ reworked/ restated wherever necessary to conform to the current period classification.

Independent Auditors Review Report

To the Board of Directors

Bajaj Hindusthan Sugar Limited

- 1. We have reviewed the accompanying statement of unaudited Standalone financial results of **Bajaj Hindusthan Sugar Limited** ("the Company") for the quarter ended and six months ended 30th September, 2019 ("the Statement"). The statement has been prepared by the Company's Management pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with relevant circulars issued by SEBI. Attention is drawn to the fact that figures for net cash flows for the corresponding period from April 01,2018 to September 30,2018, as reported in this Statement have been approved by the Board of Directors of the Company, but have not been subjected to review.
 - 2. This Statement ,which is the responsibility of the Company's Management, has been prepared in accordance with the recognition and measurement principles laid down in Indian accounting Standards (IND AS) 34 "Interim Financial Reporting" prescribed under Section 133 of the Companies Act,2013 and other accounting principles generally accepted in India and has been approved by the Board of Directors in their meeting held on 13th November ,2019. Our responsibility is to issue a Conclusion on the Statement based on our review.
 - 3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
 - 4. We draw attention to Note No.4 of the Statement, regarding the non-provision of premium payable on Optionally Convertible Debentures (OCDs) at the time of redemption of OCDs issued to lenders pursuant to the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) which stipulates that the yield to maturity (YTM) being the difference between weighted average interest and coupon rate payable as redemption premium at the time of redemption of OCDs redeemable in 13 equal instalments commencing from the Financial year 2024-25. The Company considers such YTM/ redemption premium as contingent liability and has not provided for the same in the books of account for the quarter ended and for the six months ended 30th September, 2019 amounting to Rs 104.19 crore and 207.25 crore respectively. The aggregate liability for such YTM from the date of allotment of OCDs till period ended September 30, 2019 is Rs. 721.76 crore from date of allotment of OCDs. Had such interest been provided on OCD's, the reported loss for the quarter ended would have been Rs 191.27 crore instead of Loss of Rs. 87.08 crore and the networth of the Company would have been Rs.2576.32 crore.

- 5. Based on our review conducted as stated above, and except for our comments in para 4 above nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the applicable Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued there under and other recognised accounting practices and principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation, read with Circular, including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 6. a) We draw attention to Note No. 9 of the Statement, referring to various matters which indicate a material uncertainty, which may cast significant doubt about the Company's ability to continue as a going concern. However the management expects to generate positive cash flow from operation this year based on improvement in sugar recovery percentage & expects further improvement in the operational efficiencies in other parameters based on various corrective measures taken by the Company including the restructuring of debts as stated in the said note and the company expects to receive benefits under the Sugar Promotion Policy 2004 pursuant to a favorable Order of Hon'ble Supreme Court of India. Accordingly, the Company is of the view that going concern of the accounting is appropriate.
 - b) As stated in Note no.5 of the Statement, the Company has exposure aggregating to Rs.1748.28 crore, in its three wholly owned subsidiaries, Rs.770.13 crore in other companies which are related to group and Rs.511.86 crore in other companies, aggregating to Rs.3030.27 crore, by way of investments, loans, accumulated interest on these loans and receivables. The above exposure is considered good and recoverable by the management based on the future projections, valuation reports, ongoing efforts for obligation casted on the Company and promoters to recover the outstanding loans in phased manner in terms of the agreements executed to give effect to the debt restructuring schemes from time to time and accordingly no provision has been considered necessary.

Our Conclusion on the Statement is not modified in respect of the above matter.

- 3 Given the seasonal nature of industry, the results of any quarter may not be a true and/or proportionate reflection of the annual performance of the Group.
- The Optionally Convertible Debentures (OCDs) aggregating to Rs. 3483.25 Crore issued by parent Company (BHSL) to the Joint Lender's Forum (JLF) of the parent Company in accordance with the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) towards conversion of a part of the unsustainable debt, provides the holder an option to exercise the right to convert the outstanding OCDs into the equity shares of the parent Company at a price in accordance with applicable law (including the ICDR Regulations). The OCDs carry a concessional coupon rate (1.00% p.a for the current financial year) and the difference between weighted average interest cost and said coupon rate (YTM) is payable along with redemption of OCDs in 13 equal instalments commencing from financial year 2024-25. Since premium to be paid is contingent on the occurrence of the event of redemption of OCDs, the YTM of Rs. 721.76 Crore from the date of allotment of OCDs till September 30, 2019 (Including Rs. 103.06 crore and Rs. 104.19 Crore for the quarter ended June 30, 2019 and September 30, 2019 respectively) is treated as contingent liability and would be accounted for as finance cost at the time of redemption of respective OCDs. Auditors have drawn qualification for non-provision of YTM premium up to 30,09,2019.
- The parent Company has current investment in a group Company other than subsidiary companies of Rs. 770.13 Crore, and also the group has exposure amounting to Rs. 1084.83 Crore relating to loans and advances along with accrued interest from other company, all aggregating Rs. 1854.96 Crore. Some of these other Companies have accumulated losses and/or negative net worth and/or current liabilities exceeding their respective current assets, as at the respective balance sheet dates. Management has evaluated this matter and is of the firm view that sufficient efforts are being undertaken to revive the said other companies in the foreseeable future so as to recover carrying value of the investment and the diminution, if any, even if it exists is only temporary. Further, management believes that the loans and advances given to these companies are considered good and recoverable based on the future projections, and ongoing efforts towards obligation casted on the parent Company and its promoters to recover the outstanding loans in phased manner in terms of the agreements executed to give effect to the debt restructuring schemes from time to time and accordingly no provision other than those already accounted for, has been considered necessary. Auditors have drawn matter of emphasis in their limited review report.
- The parent Company had discontinued the policy of deferment of certain off season expenses to align with the requirement of IND AS 34 "interim financial reporting" since quarter ended December 31, 2018; all the deferred expenses have been charged off in quarter ended December 31, 2018. The corresponding quarter ended on September 30, 2018 and six month ended September 30, 2018 included "deferred off season expenses" Rs. (63.39) Crore and Rs. (98.10) Crore respectively.
- The Group has adopted IND AS 116 with modified retrospective approach, with effect from April 1, 2019. Accordingly the comparative periods have not been restated. There is no impact of IND AS 116 adoption to the retained earnings as at April 1, 2019. The Company has recognized Rs. 11.54 Crore as right of use assets and the corresponding lease liability on the date of transition i.e. April 1, 2019. Further, and amount of Rs. 0.56 Crore has been reclassified from non-current assets to right of use assets against security given for lease in previous period to depreciate for the right of use assets and finance cost for interest accrued on lease liability. There is no material impact on profit/ (loss) after tax and earning per share for the quarter and six month ended September 30, 2019, on adoption of IND AS 116.
- 8 On the Basis of principle of conservatism and prudence, group has not recognised interest income on inter corporate debts Rs. 39.58 Crore for the six month ended September 30, 2019 (Including Rs. 19.59 Crore for the quarter ended June 30, 2019).
- 9 UPPCL has reduced the power tariff retrospectively w.e.f 01.04.2019 in the range of 35% to 40%. The parent Company has given effect of reduction in power export by Rs. 6.65 Crore as well as inter segment transfer of power amounting to Rs. 15.26 Crore in the quarter ended September 30, 2019 due to this revenue of power segment for Quarter ended September 30, 2019 showing negative.
- For the six month ended 30.09.2019 and previous years, The parent Company has incurred losses resulting into reduction of net worth to that extent. The losses were mainly attributable to high raw material cost i.e. sugarcane prices (as fixed by the Government) and relatively lower prices of finished goods i.e. sugar and molasses (determined by market forces based on the demand –supply situation), both of which are external factors. The parent company continue to operate at optimum levels and expects improvement in the operational efficiency in form of improvement in yield, sugar recovery, reduction of overheads, finance and other costs, sale of certain non-core assets etc. The debt restructuring of parent company as per RBi's S4A Scheme, will result into improved liquidity during next 7 years. The parent Company also expects to receive benefits under the Sugar Promotion Policy 2004. In view of the above, the management expects to generate positive cash flow from operations and accordingly, the financial statements are continued to be presented on going concern basis, which contemplates realisation of assets and settlement of liabilities in the normal course of business. This matter has been referred by auditors in their limited review report.
- 11 The figures for the quarter ended September 2018 and the Six month ended September 30, 2018 included in the statement of consolidated Financial Results for the Quarter and six month ended September 30, 2019 have been approved by the Holding Company's Board of Directors, but have not been subjected to review as the mandatory requirement for limited review has been made applicable for periods beginning from April 1, 2019, pursuant to Regulation 33(8) of SEBI (Listing obligations and Disclosure Requirement) Regulations, 2015 as amended. The Figures for the quarter and six month ended September 30, 2019 are management certified figures.
- 12 The above results have been reviewed by the audit committee and approved by the Board of Directors at their respective meeting held on November 13, 2019.
- 13 Previous periods figures have been regrouped/rearranged/reworked/restated wherever necessary to conform to the current period classification.

TO THE BOARD OF DIRECTORS OF Bajaj Hindusthan Sugar Limited

- 1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results of **Bajaj Hindusthan Sugar Limited** ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), its share of the net profit/(loss) after tax and total comprehensive income /(loss) and the consolidated statement of cash flows for the quarter and half year ended 30th September,2019 ("the Statement"), being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended. Attention is drawn to the fact that the consolidated figures for the corresponding half year ended 30th September,2018 and the corresponding quarter ended 30th September,2018 as reported in these financial results have been approved by the Parent's Board of Directors, but have not been subjected to review. Attention is drawn to the fact that figures for net cash flows for the corresponding period from April 01, 2018 to September 30, 2018, as reported in this Statement have been approved by the Board of Directors of the Company, but have not been subjected to review.
- 2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors in their meeting held on 13th November,2019, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. - 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

- 5. We draw attention to Note No.4 of the Statement, regarding the non-provision of premium payable on Optionally Convertible Debentures (OCDs) at the time of redemption of OCDs issued to lenders pursuant to the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) which stipulates that the yield to maturity (YTM) being the difference between weighted average interest and coupon rate payable as redemption premium at the time of redemption of OCDs redeemable in 13 equal instalments commencing from the Financial year 2024-25. The Parent considers such YTM/ redemption premium as contingent liability and has not provided for the same in the books of account for quarter ended and the half year ended September 2019 amounting to Rs104.19 crore and 207.25 crore respectively. The aggregate liability for such YTM from the date of allotment of OCDs till period ended September 30, 2019 is Rs.721.76 crore from date of allotment of OCDs. Had such interest been provided, the reported Consolidated loss for the quarter and half year ended September 2019 would have been Rs 194.01 and 316.57 crore instead of loss of Rs 89.82 and 109.32 crore respectively and networth of the Company would have been Rs 1944.21 crore.
- 6. Based on our review conducted and procedures performed as stated in paragraph 3 above and except for the effects of the matters described in paragraph 5 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulation, read with the Circular, including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 7. a) As stated in Note no. 9 of the Statement, referring to various matters which indicate a material uncertainty, which may cast significant doubt about the Parent's ability to continue as a going concern. However the management expects to generate positive cash flow from operation this year based on improvement in sugar recovery percentage & expects further improvement in the operational efficiencies in other parameters based on various corrective measures taken by the Parent including the restructuring of debts as stated in the said note and the Parent expects to receive benefits under the Sugar Promotion Policy 2004 pursuant to a favorable Order of Hon'ble Supreme Court of India. Accordingly, the Group is of the view that going concern of the accounting is appropriate.
 - b) As stated in Note 5 to the statement, the Group has exposure aggregating to Rs.770.13 crore in other companies other than subsidiaries Companies which are related to group and Rs.1084.83 crore in other companies, aggregating to Rs.1854.96 crore, by way of investments, loans, accumulated interest on these loans. These amount being considered good and recoverable by the management based on the future projections, valuation reports, ongoing efforts for obligation casted on the Group and its promoters to recover the outstanding loans in phased manner in terms of the agreements executed to give effect to the debt restructuring schemes from time to time and accordingly no provision other than those already accounted for, has been considered necessary.

Our Conclusion on the Statement is not modified in respect of the above matters.
